1. The twenty-second running of the John J. Crowley Engineering Seminar on Program Management will be held from 7-9 January 1985 [REDACTED] three-day course will consist of approximately 15 one-hour sessions, ten of which will be lectures keyed to the provided syllabus and the balance for case studies, panel presentations, and discussions. Each of the lecture sessions will have a specific topic with key guidelines provided; these guidelines will be the basis for a final test to determine accountability. Discussions will be centered around case studies of both on-going projects and completed contracts in which the positions of both government and industry will be presented. Attendees are required to complete a course critique. An agenda is attached for your information. [REDACTED]
